Welcome to Marco Island.

Much progress already has been made at this newest Mackle-built community, and many of the characteristics of its future shape may already be discerned. We hope you will look closely and carefully at the plans for Marco Island and at the evidences of its growth to date. And we hope that you will like what you see.

This preview for the friends and principal officials of the Marco Island Development Corporation and The Deltona Corporation, will be informal. There is no rigid program.

However, in order to enjoy the day to its best advantage, we suggest that you follow this agenda:

- 4:00 p.m. -- Refreshments at Administration Building
1. Bronze seagull group and entrance fountain
 2. Scale model of Marco Island
 3. Detailed map of the community

-- Tour island by private car in informal groups

It is suggested that you ask for a staff guide to help you with your itinerary

We recommend that the following points of interest be visited:

1. Ten interior model homes
2. Golf course
3. Twelve waterfront model homes
4. Yacht club and waterfront development area
5. Telephone exchange and main business district site
6. Utility plant
7. Estate area and observation tower
8. Warehouse and production area at radar tracking station
9. Beachfront park and Marco's 4.5-mile beach

5:30 p.m. -- Cocktails at Marco Beach Hotel

7:00 p.m. -- Dinner at Marco Beach Hotel

NOTES: Mr. James McAllister is general manager of the Marco Beach Hotel. He will be happy to answer your inquiries concerning accommodations, facilities and activities of the hotel.

For additional information about Marco Island, may we suggest you contact any of the officers or personnel of the Marco Island Development Corporation or The Deltona Corporation.

If you have problems with preview transportation or arrangements, please contact John Bonner, M. R. Mathews or Bryan Donaldson.
